BETHLEHEM, PA - Brey-Krause Mfg. Co. is pleased to announce the update of their website. The new website gives more comprehensive information on new innovations at Brey-Krause. It focuses on issues that make life easier for stocking distributors, such as ready to ship grab bars which can ship the same day that the order is placed; the 3-in-1 mirror concept which can reduce inventory due to multiple uses and cuts down on installation time; and the reversible handing shower seats so that instead of having to stock multiple shower seats or pre-determine the handing required, the Brey-Krause "reversible handing" shower seats enables the handing to be determined on site. Other features include a color palette for powder coating and more comprehensive information on available products.
